PAIN WITHOUT BORDERS

Douleurs Sans Frontières is a private, non-profit, international humanitarian organization whose objective is to provide medical aid to populations in crisis. While today the treatment of pain has become a medical subspeciality, few years ago it was still in its infancy. Created in 1995 and based in France, the young organization relies on volunteer health professionals specialised in helping those in pain (amputations, cancers, Aids, burns...) all over the world: Mozambique, Cambodia, Angola, Morocco, Tunisia, Armenia, Senegal, Laos...

DSF is the only NGO dedicated exclusively to the treatment of pain.
